 16th June - Year 4 visit to Harry Potter Studios
 Children's University Graduation
 17th June - Summer Korfbal Tournament
 8th July PTA Summer Fair after school
 Sports Day (Date TBC)

Homework

- Read every day for at least 20 minutes - reading to an adult is important as it allows the reader to develop fluency and accuracy and to talk about what they are reading. We believe that you are never too old or too good at reading to benefit from this.
- Learn the weekly spellings set by your child's class teacher. Going over these words once or twice a day will help your child to remember them, not just for a test but in their future work.
- Learn the maths facts and/or times tables set by your child's class teacher. These are important as they underpin all of the maths that your child will do in the rest of their time in education; knowing these facts will make it easier for your child to do maths, particularly as the ideas become more complex higher up the school and into high school.

If these activities are done regularly and thoroughly, it will make a big difference to your child's learning progress and confidence. There are also additional **optional** activities that your child can do if you wish, such as using Mathletics on a computer or researching a topic being studied in class.

Weekly Reminders

Monday	Dinner Money Hand in reading record. Spelling Tests Maths homework due in 4RD library books to change/renew
Wednesday	4KH & 4RD PE kits Maths homework set
Thursday	4KH library books to change/renew
Friday	4KH and 4RD Games/Swimming kit

Curriculum Overview

Summer 2016

Year 4

Our curriculum has been designed to meet the requirements of the new National Curriculum (2014) whilst providing rich, meaningful and exciting learning opportunities for all children. Our aim is that our curriculum will inspire all children to develop a lifelong passion for learning.
