Dear Parent/Carer

Summer Reading Bingo Card

As part of our continued work to promote a love of reading we are asking children to keep reading as much as possible over the summer holidays. Attached to this letter you will find your child's Summer Reading Bingo card.

Over the summer holidays we are asking children to colour in a square on the card for each reading activity they complete. Children can then return these to their teacher in September and we will recognise their achievements in the first celebration assembly of the new year. Children who complete the whole card will be given a certificate and pencil in celebration assembly and entered into a draw to win a book.

We know that reading at home daily has an enormous impact on children's progress and that it is especially important to keep this up over the school holidays.

Norfolk Library Service are also running their summer reading challenge and the bingo card would work very well alongside this challenge too.

Happy reading!

Miss Harrison
